

Revival Crusade in North India

With Rev. Mohan Gowda (from Karnataka)

Lighthouse Foundation Organized revival Crusades in different cities & Villages in North India. Anointed man of God from Karnataka, Rev. Mohan Gowda was invited to Preach & Teach from the Word of God.

We started in the City of Chandigarh. We had a Two days crusade in Chandigarh. God did powerful works in many lives. After the Worship Service many Testimonies came forward. Here are some pictures of the Crusade in Chandigarh:

At the end during the Testimony Time, people came forward and shared amazing testimonies. Some of the highlights:

- A non-Christian boy named Chandrakant was passing by the venue and a strange voice pulled him in and he attended the whole worship service and was greatly influenced by the Word of God and & anointing. He decided that he wants to serve Jesus in rest of his days.

- Another non-Christian Young boy, Babban, suffering from some kind of Cancer in the Stomach. He was unable to eat anything in the dinner. If he eats in the night, it used to pain the whole night. He testified that God healed him as we prayed from him.
- A lady named, Mamta was possessed by an evil spirit. God delivered her on the first day of the Crusade.

- Ravi was in fever and was not feeling like to come to the Worship Service. However, later he decided to attend the worship service. When we were praying, he immediately got healed. The heaviness & the fever left.
- Seema had been suffering with a pain in her body for quite a long time. She testified that during the prayer time she was thinking about her pain and the Pastor suddenly

announced that the pain that has been there for long time was getting healed. She testified that she received her healing right then & there.

- Another boy who was looking for job later told us that he found a good job after we prayed for Him in the Crusade. Otherwise, he was not getting a job.
- There were many more Testimonies how God blessed them and delivered them on the first day in Chandigarh Revival Crusade.

All the efforts of the Team were fruitful. After the worship we had a fellowship Dinner. Even during the dinner, everybody was sharing testimonies with each other.

**We thank you so much for your prayers & support.
Please continue to remember us and ministry here in your prayers. Please convey our love & prayers to all the dear ones at home.
Thanking you in Expectation. We expect your continuous prayers & Support for the Lord's ministry here.**

Financial Accountability

We are open and transparent both before God and man in stewardship of gifts and donations entrusted to us. Every year all our accounts are audited by a Govt. Authorized Chartered Accountant. We submit our annual financial statement to the Government of India and to the donors concerned. All gifts given are used appropriately to advance the Gospel of Christ & for the extension of God`s kingdom. Every effort is made to minimize the administrative costs associates with each gift.

We need a good Ministry Van that can accommodate the Team to reach all the area of North India as it is very difficult to travel with whole Team of Gospel workers. Sometimes, in some areas, while praying and preaching it gets very late and it becomes very difficult to find a bus.

In some villages they do not have a regular Bus Service and Taxi is very expensive. The condition of the road is also not very good. But the Love of God compels us to meet these workers and share His love with them.

Please pray.

How can you help this ministry? Please Remember
